Encouraging Repatriation/Reconciliation

- o What are Belium's views on enhancing **security in the refugee camps** in Zaire? How do we handle disarmament?

Accountability

- o We need to speed up establishment of a **war crimes tribunal**. (The Belgians have expressed support for international trials.)
- o We need to move to **detain suspects**. We are considering a UN resolution giving member states the authority to do so.

Burundi

- o We must continue to push Burundians to **install a President**.
- o We should encourage the Belgians to follow our lead and send **high level visitors**.
- o We should press the idea of a **refugee conference** in Bujumbura. (The Belgians' initial reaction was favorable.)

(The OAU was not satisfied with the equipment provided to the monitors by Belgium.) What **other initiatives** should the international community consider?
